Village of Brockport NY Dissolution Vote

On June 15, 2010, voters in the Village of Brockport rejected dissolving the village by a vote of 959-662. Brockport was the first village to hold a dissolution vote under a new NYS law that became effective in spring 2010. Unlike previous referendums on dissolving a village in the state, a vote on dissolution, if voter initiated, occurred prior to the development of a dissolution plan. CGR and the Rochester Chapter of the League of Women Voters assisted with public forums, and CGR developed a website.
