Mayor Ronald Frohne took issue with that and residents apparently agreed with him.

The saga of the sinking shanty continues on a Central New York lake.

Sue Bronson noticed the ice shanty while looking for eagles to photograph almost a week ago. "I was driving around Canadarago Lake in Richfield Springs and it caught my eye."

## Sinking Shanty

The shanty had fallen through the thin ice on the South end of Canadarago Lake. "There's still ice on it but it's definitely getting thin," said Bronson, who is concerned it'll end up on the bottom of the lake and cause havoc to boaters or fishermen.
